MILLION AND A HALF NEW GOAL

For District One, Adams County, New Campaign is Launched.

STAGE MINIATURE BATTLE

Whistle Blasts to Announce Arrival of Aviator Thursday. Shaffer has Remarkable War Record.

Adams county's Victory Loan campaign was launched anew this morning when the leaders of the districts started out to sell $350,000 worth of bonds during the last week. All eyes are set on the new $1,500,000 goal. Everyone realizes that the task of selling this last large block of government securities is going to be a difficult one, but this fact seems to have filled the captains and lieutenants with greater enthusiasm than before.

The plan to sell the bonds this week on brown subscription blanks giving every purchaser a chance to win a German helmet has met with approval in every district. Men and women who thought they had bought their limit are now digging down to take at least one more bond.

Victory Train Tuesday

At 11:30 o'clock Tuesday morning the Victory Train, bearing German trophies and modern death dealing weapons, is scheduled to pull into the Gettysburg station. Residents of this section are fortunate in that the train will stay here two hours and forty minutes so that everyone will be able to see the entire exhibit.

At 12 o'clock the Whippet tank and the armored car will give a demonstration of the treat 'em rough kind of fighting on the Gettysburg streets. A miniature battle will be staged with the guns of these two war machines firing blanks as they proceed. It will probably be necessary to make special traffic regulations during the staging of the demonstration.

Airplane Flight Thursday

Colonel Kirtland, commander of the Middletown Aero station, has given Sergeant Walter Shaffer, of the Lafayette Flying Corps, permission to use a government plane in his flight to Gettysburg Thursday. He will be accompanied by Lieutenant Fred Nelson, of Portland, Oregon, a member of the American Aviation Service.

Arrangements are being made to have the furniture factory blow three long blasts of their whistle when Shaffer is due to put in his appearance about four o'clock on that day.

Sergeant Shaffer will remain in Gettysburg after performing acrobatic feats upon his arrival. His lecture "Over the Heads of the Hun", which has been given many times since his return, will attract a large crowd to the St. James Lutheran church in the evening.

Shaffer, who has attracted much attention in nearby towns, has a remarkable war record with the French. Among his decorations are the Croix de Guerre and Medale Militaire. It was on October 3 of last year that he was shot down by anti-aircraft guns while attacking a German observation balloon, ten miles behind the Boche lines.

He was reported as going down in flames and was given up as lost, but was located later in a Hun prison camp and remained there until the armistice was signed.

Sergeant Shaffer will return to France soon as he has accepted an offer of a French Syndicate, which is building planes to take tourists over the battle fronts.

TREATS SERVICE MEN

Six Soldiers and Sailor Given Dinner by O. A. Lupp.

Seven young men who have recently returned from the United States service were entertained on Sunday by O. A. Lupp, of York street. The boys were given a dinner and then taken to a photographer to have their pictures snapped.

They were Charles Rangnow, Philadelphia, late of the Navy, and Charles Smith, Harrisburg; Luther Lupp, Paxtang; Lloyd Hess, Fred Hubbard, Gettysburg; Merle and Frank Culp, Arendtsville, all of the Army.

STUDENTS TAKE FINAL TESTS

Eighty Four Pupils from County Schools Examined at High School Saturday.

TO ENTER HIGH SCHOOL

County Policy to Raise Entrance Requirements. Diplomas for Those who Pass Marks.

Eighty four pupils representing practically all the grammar schools in Adams county reported to the High School building Saturday morning for the annual examinations of the Seventh and Eighth grades. These students qualified to take the high school entrance examinations at the Central Test held throughout the county on April 26. Superintendent H. Milton Roth, assisted by Professor Shank, conducted the examinations on Saturday.

The papers handed in at that time will be sent to teachers in the county, who were not interested in the examination, for correction and grading. It will probably be two weeks before the final results are announced. That the tests were not mere formality and that the students were determined to pass is shown by the fact that many did not finish their work until 5:30 o'clock Saturday afternoon.

Approximately two hundred pupils took the preliminary tests held in ten township schools the week before and the fact that only eighty four qualified for the final examinations shows that the educational policy in Adams county is to raise the high school entrance requirements in accordance with the plan suggested by the State Board of Public Instruction.

Students making an average grade of seventy with no mark below fifty will be permitted to enter high schools of the county next fall. Diplomas will be issued to those qualifying as soon as the reports of the examiners are returned to the Superintendent's office.

The aims of the examinations as stated by Professor Roth is to: "graduate pupils from the eighth grade, thereby permitting non-residents to enter high school and to unify the high school entrance requirements and to furnish a basis of comparison for principals and teachers."

School work for the pupils in the rural districts is now completed for the year and already boys and girls are busy on the farms or occupied with their summer vocations.

URGES JOINING NAVY

Chief McGonigal Distributing Information Throughout County.

Chief Gunner's Mate McGonigal, United States Navy, temporarily stationed in Gettysburg for recruiting purposes, is busily engaged in furnishing newspapers in the county with circulars showing advantages offered young men who join the naval service. The Navy is now open for voluntary enlistment of men between the ages of 17 and 35 who will be given the opportunity to learn any branch of the service.

MISSIONARY TO SPEAK

Rev. H. R. Spangler, Returned from India, to Address Women.

Rev. Henry R. Spangler, a missionary recently returned from India and a graduate of the Lutheran Seminary here, will speak Thursday afternoon in College Lutheran church at a meeting of the Adams county conference of the Women's Home and Foreign Missionary Society of the West Pennsylvania Synod.

GLASS MAKES PLEA FOR LAST LOAN

Secretary is Apprehensive Concerning Victory Drive. Must not Desert the Flag.

"I would be lacking in frankness if I did not tell you that the Treasury Department is apprehensive concerning the Victory Liberty Loan," said Secretary Carter Glass in a telegram to the Times to-day.

"The Victory Loan campaign is two-thirds over but subscriptions have been reported for a little more than one-third of the Loan.

"Is it conceivable that the American people who with heart and soul waged the fight for freedom permit this Loan of victory and thanksgiving to fail?

"Our sons gave of their health, of their strength and of their lives that freedom might not perish. There are one and a half million American boys in France and Germany. Now that the war is ended it would be as reasonable for them to dishonor the nation by deserting the flag as for the nation to dishonor itself by deserting them. It is a large thing that we are asked to lend our money to pay the cost of victory. Is American money less willing than American manhood?

Let everyone of the millions who have bought bonds buy Victory Notes and success is sure."

TRAIN HITS BOX CAR

Open Switch Caused Accident on Western Maryland.

A box car standing on Heintzleman's siding near Orrtanna probably saved a serious accident when it checked the speed of Western Maryland passenger train number 46 which ran into the car through an open switch. Heintzleman's siding is only a short piece of track with no obstruction at the end and the train would have run off the switch and possibly overturned had there been no car to check its flight. As it was there were no persons hurt by the collision although the engine fender was badly smashed.

Train 46 was running at a good rate of speed when Engineman W. O. Carnes saw the open switch and quickly applied the air brakes to bring the train to a standstill but it was impossible to stop the engine before the box car was hit.

WEEKLY SING

Last Sing this Spring will be Held in St. James Church Sunday.

It has been decided to continue the sings which have been so popular for some months in Gettysburg until next Sunday evening, when the last sing for the spring will be held in St. James church. The subject to be discussed will be "The Hospital."

College church was crowded for the sing on Sunday evening and a good program was rendered. The College church quartet composed of Mrs. O. G. Beckstrand, Mrs. M. K. Eckert and Messrs. Drawbaugh and Robinson gave a selection. Solos were sung by Mrs. R. E. Zinn, Mrs. O. G. Beckstrand, Miss Grace Ramer and Charles W. Stock.

The address of the evening was made by Henry C. Niles Esq., of York.

LEADER FOR CAMPAIGN

Hanover Pastor in Charge of Methodist Church Drive.

The Rev. Bert A. Salter, pastor of the Methodist Episcopal church, has been elected group leader for the centenary nation-wide campaign of the Methodist Episcopal church for $105,000,000 for reconstruction and missionary purposes, to be launched May 18 and continue for one week. He will have charge of the drives in Littlestown, Gettysburg, New Oxford, Orrtanna and the Hanover charges.

NON-SUPPORT OCCUPIES COURT

Mrs. Wolf Charges Husband with Failure to Provide for Herself and Children.

ORDERED TO PAY WEEKLY

Sentence Suspended of Negro Charged with Milk Stealing from Residences on Buford Street.

Lydia Wolf, of Berwick township, appeared before the court on Saturday afternoon charging her husband, Washington Wolf, with non-support. After hearing the evidence of Mrs. Wolf, her children and many other witnesses the court decreed that Washington Wolf pay $6.00 weekly to his wife beginning from February 28, 1919, and be held under $500 bond to discharge the payment.

Mrs. Wolf said that she married Washington Wolf on January 18, 1894 and left him February 28, 1919 on account of "very bad and cruel treatment." She said that on one occasion her husband had forced her children to work in the wheat fields until three o'clock in the morning and several times they had labored until midnight gathering in hay.

She also testified that her family had been provided no butter for a year nor milk, meat or lard for five months until the Christmas season. Mrs. Wolf said that at Christmas time she and her children had eaten an unusual meal as Washington Wolf had procured lard and her daughter Sarah had given them a gift of one quart of milk.

With the exception of that Christmas dinner, Mrs. Wolf said their meals consisted largely of potatoes boiled in salt water, bread and sour apple butter.

When being cross examined Mrs. Wolf was asked why she did not go to any nearby store to purchase food and have it charged to her husband's account. She replied she "was afraid to have anything charged on account of his scolding."

Mrs. Wolf's children, Virgie, Carvis, Mary, Joe and Sarah, were all called to testify and corroborated their mother's testimony as did Harry and Mrs. Meckley, Joseph and Mrs. Kepner, Mary Kepner, Mrs. Jacob Miller and Susanna Keaney, sisters of Mrs. Wolf, Howard Danner, John Luckabaugh, a nephew of Washington Wolf, and Mrs. Wildasin.

At this morning's session of court sentence was suspended on George Jones, colored, of Luray, Maryland, who pleaded guilty to the charge of stealing milk from Buford street residences on last Wednesday. Jones was given suspended sentence because his act had been committed on account of extreme hunger. He was ordered by the court to leave Adams County at once.

CHAIRMEN NAMED FOR NEW DRIVE

Mrs. W. M. Keet will Lead Women in Salvation Army Campaign.

Senator Beales announces the appointment and acceptance of Mrs. W. M. Keet as chairman of the Women's Campaign for the Salvation Army Drive. The acceptance of Mrs. Keet of this important position in the drive is evidence that Chairman Beales is determined to make the drive a success and that her appointment is sufficient notice to the men that they will have to do some real work to keep their side of the column up with the ladies in the drive.

Mrs. Keet will announce several appointments as vice chairman and committees at an early date and no time will be lost in getting things prepared for the drive.

The appointment of Hon. R. C. Miller, Superintendent of State Printing and Building, H. T. Weaver and R. P. Funkhouser, as vice chairmen of the County Committee make it one of the most efficient organizations to go into such a campaign that this county has had for some time. "It is only the worthiness of the cause that convinces such men to lend their names and give their earnest work to make the drive a notable success in Adams County."

REQUESTS PEOPLE TO OFFER CARS

For Use of Convalescent Soldiers. Trouble in Securing Autos Last Week.

(Communicated)

We owe the convalescent wounded soldiers that come here every Tuesday much more than a free trip over the battlefield with a guide. The Red Cross chapter, however, has had trouble securing automobiles and drivers to do so and were compelled last week to hire in order to send the soldiers over the field.

We ask all patriotic owners of automobiles to come forward to offer their services and cars for this purpose. Please report to H. T. Weaver, Chairman of the Gettysburg Chapter of the American Red Cross, so that a selection can be made each Tuesday. It takes only a few hours and we owe it to them.

RELEASED FROM HEARING

Percy Sheppard not Identified as Chicken Thief.

Percy Sheppard, of Stratton and High streets, was released on a chicken stealing charge at a hearing held before Squire Hill at two o'clock this afternoon.

Several chickens were stolen from the coop of George Scott, Stratton street, on Saturday evening by a man resembling Sheppard in appearance. George Scott, however, did not identify Sheppard as the thief.

MILLER LEADS SCORING

Gettysburg Boy Carries off Honors in Track Meet.

Charles Miller, of Gettysburg, was the individual high scorer at the Inter-Class track meet held on Nixon field, Saturday. Miller, who is a sophomore, won first in the high hurdles and high jump and took second in the low hurdles and broad jump. His fifteen points were mainly instrumental in his class winning the meet.

FIREMEN MEET TO-NIGHT

Will Test out New Carburetor of Auto Truck.

Chief Marshal Swope has called a meeting of the firemen to-night at seven o'clock in order to test out the new carburetor which has been purchased for the auto truck. It is necessary that the meeting be held to-night so that the condition of the new carburetor can be discussed before the Town Council on Tuesday.

INFLUENZA FATAL

Together with Pneumonia Caused 5,621 Deaths in Month.

Influenza and pneumonia caused 5,621 of the 14,257 deaths in Pennsylvania during January, according to the statistics of the Department of Health. Tuberculosis caused 1,064, and Bright's disease, 816. There were 18,755 births in January. In April there were 900 cases of diphtheria reported to the department with 68 deaths.

SOLDIERS IN WAR WILL PARADE

Corporal Skelly Post Plans Spectacular Celebration for Memorial Day.

VETERANS OF THREE WARS

Will Participate. Civil and Spanish-American Soldiers to be in Line. Colonel Stuart Chief Marshal.

Plans virtually completed by the committee in charge of Memorial Day celebration indicate that Gettysburg will be the scene on that occasion of one of the most spectacular celebrations held here in recent years.

Colonel E. B. Cope, Captains C. G. Miller and W. H. Benner, who compose the committee, are members of Corporal Skelly Post 9, Grand Army of the Republic.

As has been previously announced the principal speaker of the day will be Chief Justice Hay Brown, of the Supreme Court of Pennsylvania who has spoken on several other occasions to Gettysburg audiences and whose ability as an orator is well known here.

Many of the Adams County boys who served in the great war have not yet returned from overseas and it is probable that a celebration in recognition of their work will not be held until the Fourth of July, nevertheless, Memorial Day will not pass without soldiers and sailors of the Great War taking part. Parade plans announced by the committee include officers and soldiers of the National Army, sailors and members of the Marine Corps, and it is expected that the large number of men who have returned from both domestic and foreign service will respond willingly toward making the Memorial Day celebration this year superior to any ever held in the past.

Members of Corporal Skelly Post 9, of course, will continue to be given the most prominent positions in the parade and soldiers of the Spanish-American War will also attend to complete the group of soldiers of three wars who will participate in the parade.

Colonel Henry Stuart will be Chief Marshal of the parade which will also contain children from the town schools and their teachers, patriotic and civic societies, the Sons of Veterans, speakers, guests and others.

JUDGE GILLAN ILL

Has Presided in Adams County Courts on Several Occasions.

Owing to the illness of Judge W. Bush Gillan, no court will be held in Chambersburg this week and jurors summoned to serve at the sessions have been notified they need not appear. Judge Gillan was in Court Saturday morning, against the advice of his physician, but will not be able to appear this week.

The Franklin county judge is well known in Adams county where he has presided in the court on several occasions.

SEAPLANES DAMAGED

Were to Have Started Trans-Atlantic Flight Tuesday.

(By Associated Press)

New York, May 5—Fire at the Naval Air Station at Rockaway beach to-day damaged the naval seaplanes, NC-1 and NC-4 which were to start to-morrow on the first leg of the trans-Atlantic flight.

The blaze started when the workmen were filling the gasolene tanks of the NC-1. The flights will take place as planned, however.

PENINSULA BACK TO CHINA

Plenary Session of Peace Conference Tuesday for Purpose of Presenting Treaty to Smaller Powers.

(By Associated Press)

Paris, May 5—Vittorio Orlando, the Italian premier, and Baron Sonnino, the foreign minister, are to return to Paris it was officially announced this afternoon. They will take the train from Rome for this capital to-night.

Paris, May 5—The policy of Japan is to return the Shantung peninsula in full sovereignty to China retaining only economic provileges granted to Germany and the right to establish a settlement under the usual conditions at Tsing-Tao, it was declared in a statement to-day by Baron Makino, head of the Japanese delegation at the Peace Conference.

Paris, May 5—A secret plenary session of the Peace Conference has been called to meet at three o'clock to-morrow afternoon at the French foreign office. It will be held for the purpose of presenting the Peace Treaty to the smaller powers.

STOCK REPORT

Market Firm with Tobacco Specialties Again Prominent.

(By Associated Press)

New York, May 5—Firmness marked the opening session of the week on the stock exchange, the movement showing further traces of the extraordinary activity of the past fortnight. Tobacco specialties were again prominent.

To-morrow's holiday probably accounted for the extreme profit taking and consequent irregularity of prices during the forenoon. Dealings expanded visibly after the first half hour, but sluggishness of the United States steel and one to two points reaction in several of last week's favorite issues were more than balanced by the strength elsewhere.

COLLEGE WINS AGAIN

Carlisle Soldiers Team Defeated in Ten Innings.

Gettysburg College met United States General Hospital 31 at Carlisle on Saturday and won a hard fought ten inning contest from the soldiers 6-5. It was the college team's third straight victory.

"Lefty" Knoll started for Gettysburg and lasted until the first part of the seventh when he was relieved by Menchey who pitched the last four innings and held the soldiers scoreless.

Gettysburg won in the tenth inning when Outfielder Hersh singled to left field and scored Flynn from second base.

ITALIANS ASKED TO COME BACK

Premier Orlando Expected to Accept Invitation of the Council.

PLACATE ITALIAN PRIDE

French and British Diplomats Trying to Smooth Over Breach. Settlement is Expected.

Paris, May 5—President Wilson, Premier Clemenceau and Premier Lloyd George, composing the Council of Three, Sunday sent a communication to the Italian government inviting it to resume its place at the Peace Conference.

The council's invitation is of such a nature that it is believed Italy will accept it and that the relations temporarily broken by the recent departure from Paris of Premier Orlando and Foreign Minister Sonnino will be restored by the presence of Italian delegates at the conference before the treaty is delivered to the German delegates.

The Council of Three considered the Italian situation in its deliberations during the past two days and finally determined upon an initiative of the friendliest nature. The terms of the communication to the Italian government have not been disclosed, but it is believed they seek to remove the personal element of the controversy and to pave the way for a territorial adjustment when the relations are resumed.

Major Fiorello H. La Guardia, a member of the United States House of Representatives from New York, who is an Italian by birth, after seeing Colonel House Sunday, said he believed the entire Italian question could be settled within 48 hours. He added he was urging that pride should not stand in the way of Italy accepting the first overture made from Paris.

President Poincare Sunday presided at a meeting of the French cabinet. The ministers reviewed from a broad aspect the preliminary peace terms to be handed to the Germans and then exchanged opinions regarding the various subjects considered by the Peace Conference.

An official communication issued Sunday afternoon after the meeting of the cabinet said:

"The cabinet met Sunday morning, President Poincare presiding from 10 a. m. until 1:15 p. m. After the broad lines of the peace preliminaries had been laid before it the cabinet exchanged views on a majority of the subjects discussed at the Peace Conference."

Rome, Saturday, May 3—Premier Orlando conferred at length to-day with Ellis Jones Griffith, former parliamentary under secretary to the British Home office. The interview is considered in political circles to have been connected with the departure of the Italian delegates from the Peace Conference. Mr. Griffith is understood to be communicating on the subject with the British delegation at Paris.

London, May 5—Telegrams from the Italian capital reporting the efforts being made by Allied diplomats to heal the breach caused by the absence of Italy's delegation at the Peace Conference say that Camille Barrere, French ambassador, at Rome conferred with Premier Orlando Saturday.

A conflict of opinion is apparent among the Italian newspapers regarding a possible settlement of the Adriatic question. One Rome message says the Epoch understands a solution of the Fiume dispute will be proposed with France acting as intermediary. Another telegram, however, quotes the Giornale d'Italia as stating there is no foundation for this report.

REVOLT AT SOFIA

Rebellion Reported Against the Coburg Dynasty.

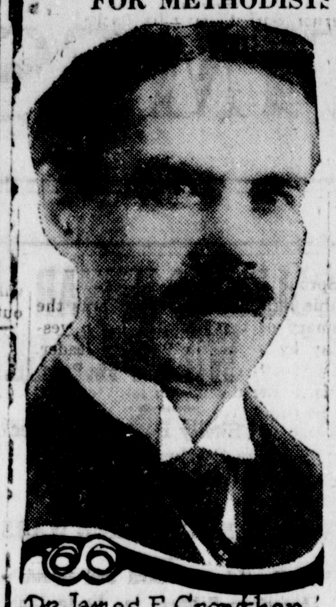
Berlin, May 5—A rebellion against the Coburg dynasty at Sofia is reported in a dispatch to the Acht Uhr Abendblatt. Sanguinary fighting has been going on between government troops and revolutionists, who demand a Soviet government.

Ferdinand, the former king of Bulgaria, is a member of the House of Saxe-Coburg and Gotha. He was a son of Prince August of Saxe-Coburg and Gotha. Official notification of his abduction was published in November, 1918. Later he was reported to have arrived at Coburg and to have asked permission of the Swiss authorities to reside in Switzerland.

Labor-Saving Devices.

Water is used to transport fine coal through pipes, and in Oregon a blast of air is used to load hay in freight cars. The hay is drawn up to a deck or float beside the car to be loaded, a crane then lifts the hay to this platform, and a blower, driven by a gasoline engine, hurls the hay forcibly into the car, packing it better than can be done with old-fashioned hand fork.

PLANS PAGEANT FOR METHODISTS



Dr. James E. Crowther

To show in striking, dramatic manner that the present world unrest merely repeats chapters in history is the purpose of a stately, inspiring pageant which has been arranged by Dr. James E. Crowther of Seattle, Wash., for presentation at the big Methodist Centenary Celebration of June 20-July 13 in Columbus, O. Understanding and comfort to the man bewildered by the trend of modern events are the essentials Dr. Crowther desired to convey when he chose this most dignified form of public presentation.

BELGIUM TO GET MORE INDEMNITY

Nation will Receive Seven Billion Francs at Once. Allies Relinquish Advances.

Brussels, May 5—At a cabinet council Saturday afternoon, which lasted two and a half hours, it was decided to recall to this city the three Belgian delegates whose presense was needed at a further council held Sunday evening in the Royal Palace at Laeken, which was attended by all members of the government and state ministers.

The Catholic newspaper Nation Belge says it has been informed that Premier Delacroix told his colleagues at the cabinet session in the afternoon that Belgium is to receive immediately 2,500,000,000 francs in gold and that the Allies are to relinquish the advances made to Belgium thus far of about 6,000,000,000 francs.

The newspaper also states that all materials requisitioned or destroyed by the Germans are to be returned immediately and that Germany is to give Belgium annually for a certain number of years 8,000,000 tons of coal representing 400,000,000 francs. It adds that payment by Germany of 7,000,000,000 marks in circulation in Belgium when the armistice was signed is to take place without the intervention of the Allies.

The petition presented to King Albert by the national political committee urging him to refuse to sign the peace treaty declares the nation would gain prestige in the eyes of the world if her sovereign declined to attach his signature to a document which did not guarantee her rights.

"In the last few days," says the petition, "vast bodies have joined us. We echo public opinion which is constantly growing and which is indignant at the little which is offered us for the safety of Belgium and the dynasty. We beg your majesty to refuse to sign the treaty rather than accept alms given us. By leaving the conference Belgium would show the immorality of a peace signed without her.

"By sacrificing herself she would gain prestige in the eyes of the world and the nations would demand that justice should be done her. We believe it would be better to risk having nothing rather than abdicate our right to the reparation and guarantees promised by most solemn assurances. In the midst of the nation's distress we commit to your hands our desire and our confidence.

GERMANY'S AVAILABLE ARMY

Estimated by American Intelligence Officers at 225,000 Men.

Coblenz, May 5—On May 1, which officially marked the end of the demobilization of the old Germany Army and the functioning of the new army, or Reichswehr, Germany had 325,000 men of various classes under arms, according to estimates made by American intelligence officers based upon information from many sources. Included in this estimate are 100,000 soldiers listed as remnants of old army units and who are in garrisons in different parts of Germany awaiting their discharge.

The present strength of troops available for service is approximatly 225,000.

THREE SEAPLANES ATTEMPT FLIGHT

Next Tuesday. United States Naval Aviators Ready "To Hop Off."

COMMUNICATE BY RADIO

Planes in Many Test Flights. Naval Destroyers Form Complete Chain Across the Atlantic.

New York, May 5—The three big seaplanes in which United States Navy aviators will attempt a flight across the Atlantic will "hop off" for Newfoundland on the first leg of their journey at 7 o'clock Tuesday morning, if weather permits, it was officially announced at the Rockaway Beach Naval Training Station Sunday night.

The first stop on the flight to Newfoundland in scheduled for Halifax, N. S., 540 nautical miles from Rockaway Beach. The fliers expect to reach Halifax by 3 o'clock Tuesday afternoon.

After lying there overnight they will fly early Wednesday morning to Trepassey, the Newfoundland base of the flight expedition.

At Trepassey the big planes will tune up for their across-the-ocean attempt, probably remaining in Trepassey Bay for 10 days—"may be less or may be a little longer", the announcement by Commander John H. Towers, expedition leader, said.

No "Hurrah" About Start

There will be no ceremonies or "fuss" when the time arrives Tuesday morning for the "hop off" at Rockaway. The public will be excluded from the area adjacent to the planes' moorings, and a "strictly business" getaway will be made.

The planes will travel about 63 knots an hour, which was said to be "comfortable cruising speed." At the start the American flag will flutter at the tail of each plane, and the American jack at the front, but these will be taken in immediately after the "hop off", as they would be whipped to shreds by the rushing winds.

"Our three entries are all ready to go, except that the NC-1 and NC-4 will be given further tests to-day," said Commander Towers.

To Keep in Touch by Radio

"The NC-3 is entirely ready. Each of the machines will carry 24,000 pounds from Rockaway when we start. We will get what fuel we need at Halifax, as ships have already dropped gasolene there.

"We shall carry five gallons of drinking water on each plane, in addition to 20 gallons for the radiators. The personal effects of each man of the crew will be limited to five pounds, including a tooth brush, comb and brush, a shirt, shaving kit, fresh underclothing and socks. There will be no additional accommodations for even a pocket knife.

"Our trip, with the exception of a very short distance, will be over or on the water. The only time we expect to fly over land is when we go over the southern tip of Cape Cod. We plan to keep in touch with Washington the same as any ship in the Navy. We have tested our instruments, and they have demonstrated that we shall be able to keep up land communications during the greater part of our trip."

The assignment of the crews to the three planes will be definitely announced to-day, Commander Towers said. Although there will be no change in the personnel announced several days ago, Commander Towers said he was not able to state which crew would go on which plane.

The NC-1 was given two test flights Sunday afternoon, taking 11 passengers on the first flight and 12 on the second. Officers said the flights were "most satisfactory."

Destroyer Chain Forming

Trepassey, N. F., May 5—The first seven links in the chain of naval destroyers to be stretched across the Atlantic by the United States Navy for its transoceanic flight reached this New Foundland base Sunday, and after replenishing their fuel and supplies will proceed to the Azores. Their orders require them to reach their stations by May 10.

The first flotilla to be followed at one-day intervals by two other groups of equal strength, was commanded by Captain Harry A. Baldridge, of the destroyer Stockton. Leaving New York Thursday and enveloped in fog from Fire Island to Trepassey Bay it navigated 1,100 miles entirely by directional wireless with which the giant transatlantic seaplanes will be equipped. The trip was said by Captain Arthur Crenshaw, base commander here, to have been one of the severest tests this means of navigation ever had. Only the destroyer Phillip became separated from the flotilla in the fog, but she entered the harbor soon after her companions.

SHOOTS HUSBAND IN COURTROOM

MRS. EMMA SIMPSON

"I hope he dies," said Mrs. Simpson, after she had fired four shots at her husband in a crowded Chicago court room, three taking effect. She is suing for separate maintenance and has charged Simpson with unfaithfulness. During a hearing he accused her of living with another man, and she answered with bullets. Simpson has a chance to recover. Mrs. Simpson is a niece of John M. Roach, Chicago traction magnate, and his private secretary.

GLASS MAKES A STRONG APPEAL

For Victory Loan. Campaign is Lagging. Hopeful Week will Show Improvement.

Washington, May 5—With subscriptions to the Victory Liberty Loan lag-Secretary of the Treasury Glass, Sunging to a greater extent than in any of the four previous loan campaigns, day night, at the beginning of the third and closing attack of the drive, sent to all campaign committees a strong appeal for a final effort that would not only raise but exceed the minimum quota of $4,500,000,000.

The Treasury Sunday received no official reports on subscriptions, but on the basis of subscriptions tabulated Saturday night slightly more than one-third of the minimum quota has been raised. Unofficial reports received Sunday were said to indicate that at the outside not more than four-ninths of the loan had been subscribed.

Official figures for the various stages of the First and Second Liberty Loans are lacking, but the best available information was said to indicate that on the eve of the final week more than four-ninths of the loan had been taken in each drive. In the third loan campaign at the start of the final week two-thirds of the total had been subscribed and at the beginning of the third week of the last loan campaign about $3,000,000,000, or one-half the total, had been raised.

Treasury Hopeful

Subscriptions officially reported in the Victory campaign total $1,657,979,350. To reach the minimum quota slightly more than $400,000,000 must be raised daily, beginning to-day and ending Saturday night.

Treasury officials, however, were not pessimistic last night. The work of the final week, because of the relatively poor showing thus far, will be centered on what one campaign director termed "big money." However, it was said that in the desire to obtain the country's quota through solicitation from bankers, manufacturing and industrial firms and other interests the portion of the nation's population able to buy Victory notes in small amounts would not be overlooked.

Rich Indian Takes Wife.

Old Dog, chief of the Gros Ventres, one of the four tribes which lives in peace and harmony on Berthold Reservation, has brought Mrs. Old Dog to a hospital at Bismarck, N. D., for treatment. Old Dog is a full blooded Gros Ventre, and is one of the wealthiest and most progressive Indians on the reservation. He has thousands of acres of good land, several thousand head of registered cattle and hundreds of fine horses. Last summer he built a nine-room home in which he installed a modern heating and plumbing system.

Paths of Democracy.

To accustom oneself to disregard the accidents of manner and station sufficiently to see the man as he is, to have a clear sight for genuine character under any of the disguises of unfamiliarity and prejudice, to know how simple and how common are the elements that go to the making of manhood, are the paths that lead to belief in democracy.—George E. Woodberry.

Discovers Heat Insulation.

A new heat insulating material composed of a mixture of a special clay and cork has been discovered by a Norwegian engineer. The clay and cork mixture is burned, and the result is the formation of a very light substance that is said to be eminently suitable for all heat insulating purposes.

NEW BOUNDARIES FOR POLAND

Under the new terms of the armistice hostilities must cease in Posen, where the Germans have been opposing the advance of the Poles in their efforts to establish their claim to the entire territory of the German province of Posen.

The provisional boundary fixed by the allied armistice commission follows: East of Grosser Neudorf (southeast of Bromberg), south of Labischin, south of Schodziesen, north of Exin (southwest of Bromberg), south of Sann (?), North of Czarnikau (east of Kreuz), west of Birnbaum and Bentechen (west of Posen), Wollstein, Lissa, and north of Wiernszow, and thence along the frontier between Silesia and Poland.

This takes in the greater part of Posen and only leaves out those portions along the border that have been thoroughly Germanized.

The heavy shaded portions of the map show the new territory in which the allies have backed up Polish sovereignty.

CAPITOL READY TO CLOSE SESSION

Departments Yet to be Reorganized. Expect Many Changes in Personnel.

SALARY BILLS IMPORTANT

Present Plans Would Give Teachers Twenty Per Cent Increase. Might Draw from School Appropriation.

Capitol Hill is getting ready for the windup of the Legislature and speculating on two very important points for the average man on the "Hill." One is, what will be the effect of the administration bills presented to reorganize about a third of the apartments of the State Government, and the other is how many people will be there next year. The State authorities have let it be known that there will be no changes in the departments until after the Legislature has gone and its work has been digested. The opinion prevails that there will be many changes then. More applications have been filed for places in the departments than exist, and it will be some task to figure them out.

The Department of Agriculture, Insurance, Banking, Public Grounds and Buildings and several others are covered by bills for reorganizations and there is scarcely a branch of any consequence that is not affected by pending legislation, although some of them will be unscathed when the bills cease grinding.

The Department of Labor and Industry is now in a building by itself, having three floors of the Keystone building. The Departments of Instruction and Mines are getting ready to move.

The fourth or fifth bill for the increasing of salaries of teachers of the schools of Pennsylvania is scheduled to make its appearance in the Legislature in the next ten days and will likely be made a substitute for measures now before the two Houses. The Woodruff bill, which passed the House a few days ago, after being much amended, is likely to either be dropped or have some of the features of the Catlin bill applied to it, while a considerable segment of lawmakers will endeavor to have the new bills adopted on the ground that it makes definite provisions and is more workable than others. The new bill is not an administration measure, but it is said to have been tacitly approved in some places.

The plan of the bill would be to give an increase of twenty per cent to the teachers and various persons in school service, including instruction, special subjects and administration. Where districts can afford it, the State would guarantee an advance of at least $100 a year, per teacher. The increase would be divided between the State and the district, and $6,000,000 is to be expressly appropriated for the State's share for two years. This would do away with a scale of pay mentioned in the various bills and put it on a definite basis for all. There is also talk of a provision that if the $6,000,000 will not reach, the general school appropriation can be drawn upon.

One of the provisions would be a requirement for a detailed statement of salaries to be filed by August 1, annually with the Department of Public Instruction, which would disburse the funds.

WEATHER FOR WEEK

Frosts Probable in North Atlantic States.

Washington, May 5—Weather predictions for the week beginning Monday are: Threatening weather and rains at the beginning, followed by generally fairer thereafter. Temperature higher Monday, normal until Wednesday and below normal thereafter. Frosts are probable the better half of the week in North Atlantic States and elevated regions of the Middle Atlantic States.

STEAM SHOVEL ARRIVES

Work on Straban Road will Commence To-day.

Beginning to-day the Harrisburg road will be closed. The State Engineers have completed their survey and a large force of men will be on hand to start actual building operations.

The steam shovel which will be used in opening the large stone quarry along the road reached Granite station Saturday. Owing to the heavy rains of the week little progress was made in moving the twenty thousand ton machine. It will be used in lifting the layer of dirt from the Rock Creek bridge about a mile from the borough limits.

NOMINEE FOR PRESIDENT

Governor Sproul may be Backed by Pennsylvania Delegation.

State leaders Saturday let it be known that the Pennsylvania delegation to the next Republican National Convention will be uninstructed and that this step would be taken with a view to pushing forward Governor William C. Sproul as the party nominee for President of the United States.

"Sproul is not an avowed candidate. but his lightning rod is up," was the summary of the situation given yesterday by a prominent State leader.

It is not the intention of the Pennsylvania Republican leaders to label the present Governor as a favorite son and to permit him to perish after the first ballot. It is recalled that certain leaders went to the Republican National Convention of 1916 heralding Martin G. Brumbaugh as "a favorite son," and also that after the Pennsylvania candidate had received handful of votes on the first ballot, contributed principally by Vare delegates, his name disappeared and his boom collapsed.

STRAW HAT SEASON OPENS

Gettysburg Men Usually Follow Custom of Philadelphians.

University of Pennsylvania's victory over Harvard in base ball on Saturday marked the opening of straw hat season in Philadelphia.

It is the usual custom here for Gettysburg men to follow Philadelphia in regard to "Straw Hat" day and it is expected that the official opening of the season combined with hot weather will be sufficient to bring the"straws" out in great numbers.

DESERTERS GET HEAVY SENTENCE

Americans Who Don German Uniforms will Serve Twenty Years.

Coblenz, May 5—Two American soldiers who went ahead of the Army of Occupation during its march across Rhenish Prussia last December, donned German army uniforms and had a series of thrilling adventures, after a court martial recently were sentenced to twenty years of hard labor. The men, both privates, were charged with desertion in addition to eight other offenses connected with their run away trip.

According to the testimony brought out at the court martial, both men broke a little German and after going ahead of the advancing troops fell in with a number of German soldiers, also deserters. The Germans had stored a lot of food, wearing apparel and other articles of value and, witnesses said, induced the Americans to assist the Germans in rescuing the stolen property from a cache.

The two privates, Frederick Richman and Frank Richards, probably were the first Americans to enter Coblenz, as they were more than a week ahead of the schedule of the Third Army in its march toward the Rhine. It was in a suburb of Coblenz that the Germans had hidden their booty—in the basement of a German woman's house. In some way the Coblenz police heard of the thefts and for several days and nights had guards watching for the thieves to appear to cart away their loot.

When two supposedly German soldiers appeared one night with sacks and started to pack up the articles and refused to heed repeated German commands to "halt", the German policeman began to fire. One man fell, wounded in the arm, and the other, after a chase, was caught. When the two were taken to the German police station it was discovered they were Americans and they were held until officers of the American army arrived.

Under the circumstances, after an investigation the Americans decided not to file any charge against the German policeman who had shot Richman.

PLAN FOR HOSPITAL

McSherrystown Citizens Ready for Endowment Campaign.

A preliminary meeting of citizens of McSherrystown, Conewago township and the second district of Mt. Pleasant township was held recently. The meeting was called for the purpose of laying plans for a systematic campaign to help raise the $100,000, to be used as an endowment fund for the hospital being built at Gettysburg by John M. Warner in honor of his wife, Mrs. Annie M. Warner. A meeting will be called later when committees will be appointed to solicit funds.

Dr. T. C. Miller, Abbottstown, has been named chairman of the medical advisory board of the new hospital and the medical board will consist of all the physicians of Adams county. Dr. J. A. Singmaster, Gettysburg, has been named chairman of a board of 24 directors. F. V. Topper one of the directors represents the above named district.

After the above meeting the question of a Good Roads Association was brought up and it was decided to hold a meeting at an early date and form an organization.

Two more McSherrystown boys received their discharges from the United States Army and returned home. They are Private Claude Weaver, son of Mr. and Mrs. Harry Weaver, North street, who saw service overseas for the past eight months and received his discharge at Camp Dix, and Private Hayes Groft, son of Mr. and Mrs. C. D. Groft, Main street, who has been in the service for eighteen months and has been stationed at Camp Eustis.

ERRORS CAUSE OF HIGH'S DEFEAT

Palmyra Noses Out Victory in Eighth Inning by One Run.

Errors at critical moments were largely responsible for High School's third defeat of the season when they lost at Palmyra on Saturday 6-5.

Gettysburg's infield which performed so well against Hanover and Arendtsville in the first two games of the week cracked at various times and registered six costly errors.

Hunter and Basehoar had a great pitchers' battle as the hits registered against them were almost even and they fanned twenty eight men between them.

Palmyra won the game in the eighth inning when with the score tied at five each they succeeded in shoving across the winning tally.

Coconut Oil is Used in Substitute for Cow's Milk

A very palatable and entirely satisfactory substitute for cow's milk and cream is now being manufactured by mixing in water sterilized skim milk, produced by evaporation, and making an emulsion with coconut oil. An essential ingredient is a stabilizer, entirely harmless in character, which keeps the water and oil from separating. In large cities where the price of milk is high and a clean product is difficult to obtain, this substitute should be in considerable demand.—Popular Mechanics Magazine.

Words in English Use.

The populations of the five largest cities in the world, according to the latest censuses and official estimates are: New York, 5,732,492; London, 4,522,964; Paris, 2,888,000; Tokio, 2,186,000; Chicago, 2,185,000.

What Is It?

A small girl was visiting her aunt's room for the first time. She walked about and scrutinized everything with interest. Finally she stopped before an attractive picture frame which was standing on the table, but was empty. After a puzzled moment she said; "Auntie Ethel, what is it I don't see?"

PRETTY PRINCESS WILL GIVE UP JOB TO MARRY

Pretty Princess Margaret of Sweden is soon to marry Prince Axel of Denmark, and she'll have to give up her job to get married! It's a sure-enough job, too — a woman's job—that of washing and feeding and cuddling babies in a creche (which is French for "day nursery") in her home town of Stockholm. Princess Margaret is the matron of the nursery for workingmen's children, and here's her picture to prove what a way she has with a baby!

Pictures of princesses in gingham aprons are rare, but it's a safe wager her fiance thinks the apron more becoming than a string of pearls!

Prince Axel is a lieutenant commander in the Danish navy, and is rich and handsome. The wedding is set for June.

WRITES WILL ON CHECK

Unique Plan of Civil War Veteran for Leaving Money.

Sunbury, Pa., May 5—Written on a check was the will of Charles J. White, a Civil War veteran, of Sunbury, which was admitted to probate by Register Carr of Northumberland county here recently.

The check was one of the Sunbury Trust and Safe Deposit Company's. Above the words "Pay to the order of" were written the words, "In case of my death by accident or otherwise," making it read as follows: "Sunbury Trust and Safe Deposit Company in case of my death by accident or otherwise pay to the order of my daughter, Mrs. Cora A. Shipe, all money credited to my account.

Properly signed and witnessed by E. C. Morgan and W. R. Flotz, bank officials, the will was probated without question. Mr. White was for many years in the musical and novelty store business here. He is survived by his daughter and a son, Roscoe D. White, of Pittsburgh.

ALLEGHENY LEADS

Casualties among industrial workers of Pennsylvania in 1918 are compared by counties in a tabular statement issued Saturday by the Department of Labor and Industry.

"The statement indicates where greatest industrial hazards exist in Pennsylvania and where concentrated efforts for safety may be made," says Acting Commissioner Connelley, recently appointed to lead the Commonwealth's work for industrial accident prevention.

Reports of 184,844 workers injured were received, 42,936 less than a number injured in 1917. Allegheny county leads the list with 32,672 workers reported injured by industrial accidents, of whom 618 died. Philadelphia stands second with 22,793 industrial casualties reported, of which 342 were fatalities. Luzerne county is third with 11,285 reports, including 299 fatalities. A total of 3403 fatalities were reported from all counties, while the 1917 total of fatalities was 3072.

Mr. and Mrs. Clyde Wilson and sons, Sterling and Melvin, were recent visitors at the home of Lewis Kane and family.

RECORD CROP AFFIRMED

Wheat Forecast Will Amount to Nine Hundred Million Bushels.

Washington, May 5—Prediction of the Department of Agriculture for a wheat crop this year even larger than the record-breaking crop of 1914, was reported Saturday by the United States Chamber of Commerce in a Report based on statistics obtained from all sections of the country. The report stated that an average never before equalled had been planted and a yield of 900,000,000 bushels was forecast.

MRS. PETER MORITZ

Aged Woman Died Sunday at Orrtanna.

Mrs. Nancy Moritz, widow of Peter Moritz, died Sunday at noon by the home of her son-in-law, H. F. Lauver, Orrtanna, aged 86 years and 27 days. She has been living with her daughter since her husband's death twelve years ago.

She is survived by two daughters: Mrs. John C. Stauffer, of Marietta, Lancaster county, and Mrs. H. F. Lauver, of Orrtanna; two step-daughters, Mrs. John M. Cook, Cashtown; Mrs. Fred Hubbard, Blocktown, Iowa; and one step-son, Jacob Moritz, Thornton, Iowa. Thirty three grandchildren and one sister, Mrs. Issac Kauffman, of Fayetteville, Franklin county, also survive.

Funeral Wednesday morning at 10:00 o'clock, services held at the house conducted by Rev. Paul O. Shettel. Interment in Flohr's cemetery.

CHARLES SHAUCK

Charles Shauck, a member of the class of 1914 at college, died Friday night at Mont Alto from pulmonary tuberculosis. Mr. Shauck was fitting himself for the ministry going from Gettysburg College to the Hartford Seminary to finish his studies. For the last two years he has been officiating as student minister at the St. Paul's English church at Hartford, Connecticut. He would have graduated from the seminary this year.

Funeral in York, his former place of residence.

HAY FEVER SUFFERER

Tells How He Found Relief. It Might Pay Others to Try the Remedy.

Millville, N. J.—"I was run down could not sleep at night and entirely wornout with Hay Fever. I have charge of Golf Links and had to lay off for weeks at a time. My druggist asked me to try Vinol. Three bottles entirely cured me and I am healthier and stronger than I have been for twenty years. Every person who suffers from Hay Fever should try Vinol."—Samuel Flickinger.

The Philadelphia Bulletin will print Robert W. Chambers' latest novel, "The Dark Star," beginning to-day Monday, May 5th.

It is a thrilling story of adventure based upon the work of the German and Turkish Secret Service and their attempts to recover the lost plans of the fortification of Gallipoli.

Pretty Ruhannah Carew is a child of the Dark Star. An amazing mock marriage and a hurried escape to Paris fill her early life with excitement.

When the European War breaks out she cables Jim Neeland to bring to her a box her father had originally brought from Gallipoli.

She unintentionally plunges Neeland into intrigue and adventure, the like of which few men have ever experienced. His courage and resourcefulness enable him to outwit the German and Turkish agents repeatedly.

If you enjoy a rare tale of romance adventure, mystery and intrigue, tell your newscarrier to serve you regularly with The Philadelphia Bulletin that you may read the daily instalments of this great novel, beginning Monday, May 5th. Adv.

FRUIT CROP NORMAL

Cold Weather did Little Damage, Says State Report.

Much apprehension was felt among the fruit growers and farmers generally during the cold windy weather which prevailed during the closing days of March as to the danger of damage to the fruit buds.

Reports collected by the Bureau of Statistics, Pennsylvania Department of Agriculture, since that time, indicate that very little damage was done. While the thermometer registered several degrees below freezing the buds were probably saved largely by the action of the wind that prevailed at the time. Prospect indicates 96 per cent of a normal or full crop of apples, 88 per cent of peaches and 94 per cent of cherries.

There is some complaint of damage to the peach buds where orchards are located on low ground.

WELL-CHOSEN FASHIONS FOR GIRLIES.

For girls who have reached the age when clothes becomes a matter of gossip, these little frocks of voile are designed. To the left is a plain white model with deep square shoulder yoke to which is attached a long box-plaited skirt. Collar, cuffs and sash are of check voile and below the belt are patch pockets of self material. Three yards white and ¾ yard check voile make the design.

A dainty blue and white figure that resembles Chinese hieroglyphics distinguishes the second frock which has a deep pointed collar of white voile with an overlay collar finished with scallops. Blanket stitch embroidery trims the pointed collar and edges of the elbow sleeves, Chinese blue cotton being used for the purpose. Three yards figured and ½ yard plain voile make the dress.

First Model: Pictorial Review Dress No. 7950. Sizes, 6 to 14 years. Price, 20 cents.

Second Model: Dress No. 7971. Size[illegible]

NEW ARMS FOR RESERVE FORCES

Rifle Practice will be Changed Everything Ready for the New Guard.

The plan for the rifle practice and qualification of the Reserve Militia of Pennsylvania, which season was to have started this week, will have to be changed as a result of the dispatch to Pennsylvania of 3,500 Springfield rifles by the War Department for the use of the organized militia. The Reserve Militia is armed with Remington rifles, and the arrangements for the practice were made for that weapon.

Adjutant General Frank D. Beary says that the new regulations will be prepared at once as he has been informed that the rifles will be shipped within a short time. They will be distributed as soon as the weapons can be handled.

Arrangements for the reorganization of the new National Guard of Pennsylvania will be undertaken as soon as possible, after the demobilization of the Keystone Division, many of whose officers and men are expected to become members of the new Guard. This organization will succeed the Reserve Militia, and the formation will be similar to that which existed in the National Guard just before the call to the Federal service in 1917, although the strength may not be much over 12,000. The plan of reconstituting the regiments and other units in the same localities and with the historic designation of the Guard prior to the war, already announced, will be followed out.

A number of officers have already indicated desire to aid in the formation of the new Guard.

WAR EXPENSES

Peace Month Figures Show Large Reduction.

Washington, D. C., May 5—Between March 15 and April 15 various War Department bureaus withdrew from the Treasury a total of $435,088,000. The average monthly withdrawals between July 1, 1918, and January 31, 1919, were $861,334,000.

Of the expenditures for the 30-day period ending April 15, $277,117,000 was spent by the Quartermaster Corps, $113,567,000 by the Ordnance Department, $16,984,000 by the Engineer Corps, $7,959,000 by the Medical Department, $7,897,000 by the Bureau of Aircraft Production, $6,543,000 by the Signal Corps, $3,550,000 by the Chemical Warfare Service and $1,471,000 by the Bureau of Military Aeronautics.

The average monthly expenditures by the quartermaster corps between July 1, 1918, and January 31, 1919, was $461,078,000; ordnance department, $271,724,000; engineer corps, $45,790,000; medical department, $44,640,000; aircraft production, $18,000,000; chemical warfare, $10,468,000; military aeronautics, $5,230,000, and signal corps, $4,404,000.

The signal corps is the only branch showing an increase recently over the average during the latter months of the war period. This is due largely to completion of equipment that can be used indefinitely by the regular military establishment.

HE'S AMBITIOUS

Do not plant more than you can take care of, is the advice to gardeners, in the National War Garden Commission's free garden book, which will be sent to anyone for a two-cent stamp for postage. Write to Washington for a copy.

If you would give High Cost a swat, prepare to plant your garden lot, for if you let old April pass, you will be short o' garden sass. Th' time to spade your plot is now, don't argue that you don't know how, a trusty fork is all you need, to turn th' soil for garden seed. Give every clod a vousin whack, don't bother 'bout your achin' back, but pull th' rake and use th' hoe, and you will deal High Cost a blow. When ground is ready plant your seed, to raise th' truck that you will need, some onions, lettuce, corn and beets, a row o' radishes and leeks. And if you have sufficient land, some early spuds will come in hand, cucumbers, squash and early peas, beans, cabbage and tomato trees. And many other kinds o' truck, will make you say you are in luck, when garden sass is sellin' high, and you have none of it to buy. A word of caution now to you, don't bite off more than you can chew, a little garden tilled with care, will yield enough and some to spare.

The pianists were Miss Sarah Harner and Miss Helen MacDowell.

ANARCHIST CAUGHT

At Clemenceau Home. Intended to Stab the Premier.

Paris, May 5—Another attempt against Premier Clemenceau has been frustrated by the arrest of a 19-year-old youth, who was seized near the entrance of the Clemenceau home. The youth, whose name is Cornillon, was carrying a stiletto and had in his possession anarchist literature and a black flag with an anarchist inscription. He admitted he intended to attack Premier Clemenceau with the knife.

Cornillon was acquainted with Emile Cottin, who recently shot M. Clemenceau. He met Cottin in 1918 in some of the studios in Paris. Cornillon hails from Venay.

LAST TO TAKE OATH

Woodward Sworn in as Secretary of Internal Affairs.

The last of the inaugurations of officials chosen at the last election will take place next Tuesday at the Capitol when James F. Woodward, of McKeesport, will be sworn in as Secretary of Internal Affairs. Under the Constitution the Secretary of Internal Affairs takes office on the first Tuesday of May following his election.

Woodward will succeed Paul W. Houck, of Shenandoah, appointed June 28, 1917, to fill the unexpired term of his father, Dr. Henry Houck, who died in office while serving his third term. He will be the ninth man to be secretary of the department under the constitution of 1873, which gave it the present title and the duties and authorities of one of the oldest branches of the Government of Pennsylvania.

SMART FROCKS FOR CHILDREN

A pink gingham made up after the first little model pictured, with embroidery done in brown and pink cotton is a most effective thing for the miss of between-two-and-six. The deep skirt is gathered to a short waist trimmed with round collar and cuffs, and supplied with pockets large enough to accommodate two pudgy hands. The belt is of pink ribbon. Three yards 36-inch material are required for 4-year size.

Gingham is also required in the development of the second model, but it is in check design. The waist has an applied front and back of white linen, giving a most unusual touch to the design, and this buttons, back and front, onto a belt of self material. Medium size requires 4 yards 36-inch check and 1 yard plain gingham.

First Model: Pictorial Review Dress No. 8052. Sizes 2 to 6 years. Price, 20 cents.

Second Model: Dress No. 7914. Sizes, 6 to 14 years. Price, 20 cents.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Dry Goods Department Store

ADITORIAL

Our endeavor—giving all we can for what we get—instead of getting all we can for what we give. Inferior goods are never cheap. No matter what they cost, they prove expensive in the long run. On the other hand, good merchandise is never expensive, if it is sold at a reasonable price. The merchandise sold at this store is up to the highest standard of quality. We do not handle "cheap" goods, though our prices on GOOD merchandise are never high.

In our long period of storekeeping, it has been our purpose to lift business above the level of mere barter and trade. While the exchange of goods for money is the purpose of every store, we have found time to become a great factor in raising the standards of living by bringing within easy reach of the people not only the necessities, but the luxuries of everyday life. And we believe that such a course is good for the community.

Let us call the attention of Housekeepers to our greatly augmented lines of Rugs, Linoleums, Draperies, Shades, &c. All at new lowered prices.

NATIONAL DEBT IN BILLIONS

Mostly Represented by Liberty Bonds of the First Four Issues.

Washington, D. C., May 5—Public debt of the United States Government was reported Saturday by the Treasury as $24,824,345,000.

Most of this represents Liberty Bonds of the first, second, third and fourth issues, but the Victory Loan is not included to any great extent. The addition of Victory Bonds will be largely counterbalanced by redemption of outstanding certificates of indebtedness. No deduction is made for the $8,852,000 loaned to foreign governments. Consequently the net debt would be approximately $16,000-000,0000.

The Treasury plans to issue other bonds later this year and next year to meat the fag ends of war expenses, but in the aggregate these are not expected to amount to more than $5,000,-000,000, so that the gross public debt of the United States is expected by Treasury officials to be in the neighborhood of $30,000,000,000 when the period of war financing ends.

The Treasury now has a working balance of $1,052,000,000, of which $657,546,000 is on deposit with banks throughout the country on account of bills or certificates of indebtedness and Victory notes. The Treasury holds $2,568,599,000 in gold, but a little more than half of this belongs to the gold settlement fund of the Federal Reserve Board. Silver dollars in the Treasury, which a little more than a year ago amounted to $490,-000,000, had been reduced to $229,711,-000 by melting down of approximately 260,000,000 silver dollars for export to India.

WILL PAY TRIBUTE

Chambersburg to Honor Service Men in Celebration.

Residents of Chambersburg have formed a permanent organization to arrange for a reception to all of Franklin county's soldiers and sailors some time during the summer, after virtually all of them have been discharged. The permanent organization is headed by Clay Henninger, of Chambersburg, while the secretary is Stuart L. Brown and the treasurer W. Ralph Appenzeller, both of Chambersburg. These officers were elected at a public meeting held in the court house here. No plans for the proposed celebration were discussed, the arranging of details for that occasion being placed in the hands of a general committee to be appointed by the president and to be composed of representatives from the local churches, lodges, manufactories, labor unions and fire companies and from every city, town and village throughout the county.

CONSCIENCE MONEY

Bounty on Weasel Returned to State Treasury.

A $2 bill received in what is probably the oddest manner known at the State Treasury in years has just been added to the "conscience fund" by State Treasurer Harmon M. Kephart. It is nothing unusual to receive sums ranging from $1 to $50 from people who feel that they have not been fair in paying taxes or have "held out" on reports of things taxable and the like and generally they are anonymous. The $2 receipt was unique. It came in a letter postmarked South Fork and was in disguised handwriting, addressed to the State Game Commissioner. The Commissioner sent it to the Treasurer. In the letter, the writer stated that seven years ago he had received $2 as the bounty on a weasel. "Now," he wrote, "I did not kill that weasel, and I knew I was not entitled to it. I won't give my name because I may get used. But I'm sending you the $2.

NOTICE

Notice is hereby given that a petition has been presented to the Orphans' Court of Adams County, Pa., by Donald P. McPherson, executor of the last will and testament of Martin Winter, late of the Borough of Gettysburg, Pa., deceased, praying for an order to sell at private sale for the purpose of payment of the debts of said decedent, all that lot of ground situate in the Borough of Gettysburg, Adams County, Pa., bounded and described as follows:

"Beginning at a point of the east side of Carlisle Street at the noth-west corner of lot of I. L. Taylor; thence along said Carlisle Street 80 feet, more or less, to the south-east corner of the proposed extension of Broadway; thence east along said Broadway extended 174.8 to proposed private alley; thence south along said alley 80feet, more or less, to said lot of I. L. Taylor; thence west along same 174.8 feet o the place of beginning."

To Marie Bonesky for the price or um of Fifteen Hundred (1500) Dollars. said Court has fixed Wednesday the 21st day of May, 1919, at 10:00 o'-lock a. m., as the day for hearing said petition and authorizing said sale; at which time any creditors of the said decedent, or party interested as heir, devisee, or intending purchaser, or any legatee, whose legacy is by the expressed terms of the will of the said decedent, or by law, charged on the above described real estate, may appear and object to such private sale on account of insufficiency of price, and f such objection be sustained, may offer to give or pay a substantial increase for such property; or object to such sale on any legal of equitable grounds.
